

## Post Adoption Services and Fees

All fees cover partial costs of rendering the following post adoption services to the Requester of these services. New Life Family Services (New Life) believes in providing excellent post adoption services and will not deny service based on inability to pay for requested service. New Life does, however, rely on financial donations to continue to offer and provide services. New Life encourages the Requester of the post-adoption services to consider the payment of these services as an investment in your future as well as a support to this ministry.
