

Meet Kaylyn

"I grew up active in the church and in pro-life ministry. But when I found myself pregnant at 19 years old, I was scared and was being pressured into abortion by my boyfriend.

Feeling trapped and without options, I decided that I was going to take my own life, however my attempt was not successful. My boyfriend brought me to the abortion clinic kicking and screaming. I had my first abortion that day and two more in the following year.

To numb the pain, I turned to drugs and alcohol, which resulted in a 13 year addiction. I entered the treatment program at Minnesota Adult and Teen Challenge where the Chaplin suggested the Conquerors program at New Life Family Services to me. Through Conquerors, I recognized the role my abortions played in my addiction and I found true freedom and healing from my past abortions.

What I once kept inside of me as my deepest darkest secret is now shared almost daily to shed light on a problem that is so common in our day. God is now using my story for His glory."

Did you know?

1 in 3 women will have an abortion by age 45.

Odds are someone you know (including those within your church) is either contemplating abortion or is suffering from the effects of one in their past.

As one of the few organizations of its kind in the nation, New Life Family Services has been supporting women, men, children, and families with pregnancy-related needs with the love and compassion of Christ, since 1973. Through their programs, First Care Pregnancy Center and Conquerors, they offer pregnancy testing, ultrasounds, STI testing & treatment, parenting and adoption education, baby items, abortion recovery groups, and licensed domestic adoption services.

We invite you to get involved.
Make a difference for life.

Hurting from a past abortion?

Make a difference for life!

- **Volunteer** in one of our centers.
- **Pray** (sign up for our weekly prayer list on the Partnership page of our website)
- **Look for ways to befriend your neighbors** and support parents of young children in your community. Offer to babysit for a single mom.
- **Refer someone** in need of pregnancy help to First Care Pregnancy Center.
- **Find healing from your past abortion** through our Conquerors program.
- **Love to run/walk?** Participate in our Walk & Run for Life fundraising in June or sign up for a race of your choice and raise funds for New Life.
- **Donate online at www.nlfs.org.**
- **Host a baby shower** for the families served at New Life Family Services.
- **Drop off diapers and baby clothing** at your nearest First Care center.
- **Offer to coordinate a baby bottle fundraiser** for your church or school.
- **Sign up for our email list at www.nlfs.org.**
- **Introduce a friend to New Life** at our Laugh for Life comedy event.
- **Be an advocate for healing by referring to Conquerors** for those hurting from abortion.

Our programs include:

CHANGING HEARTS. SAVING LIVES. BUILDING FAMILIES. RESTORING HOPE.
