

MUMS FOR MOMS

Plant a mum. Support a mom.

What if we could create a culture together in which women and men facing an unplanned pregnancy had all of the resources, support, and education they needed to choose life?

This Mother's Day, will you join us in supporting mothers in your community by hosting "Mums for Moms?"

What is "Mums for Moms?"

Mums for Moms is a way to celebrate and honor mothers in your church while providing an opportunity for your church to extend support to mothers in need in our communities.

How Does It Work?

1. Request to host "Mums for Moms" at your church Mother's Day Weekend (May 12th-13th).
2. Notify us of your selected date(s) so we can begin gathering materials for your church. New Life Family Services will provide you with all the materials needed including flower seeds (you provide a 6 or 8 ft table).
3. On the selected day, freely distribute the flower seeds before and after your services. With each packet of seeds is an invitation to support one of the life-changing services provided by New Life to mothers in your community.
4. New Life staff will report back to your church with the number of dollars and services provided by your church community.

Together we can make a difference for life!

**Interested in hosting Mums for Moms?
Contact Hilary at perez.brandie@nlfs.org or (507) 550-1561**

Your Mums for Moms host table includes all of the items pictured below: potted mums, instructions, flower seed packet display, crates, table cloth and New Life brochures.
