50 YEARS OF GENERATIONAL CHANGE

As New Life Family Services celebrated its 50th anniversary this past year, I am so thankful for God's faithfulness in sustaining and growing our ministry from our humble beginnings as New Life Homes to where we are today. What was once a small group of families opening their homes to women experiencing unplanned pregnancies, is now a far-reaching network of pregnancy, parenting, adoption, and post-abortion services.

Despite adversity and a hostile environment toward the work we do, we have continued to see God move New Life Family Services forward, allowing us to focus on what matters most: reaching clients with the love and hope of Jesus while assisting them in making life-affirming decisions.

We know that the impact of this work is eternal. Every day, stories are being rewritten at our centers and families are forever changed because of the support our clients receive. Where there once was despair for women considering abortion, for those with abortion as a part of their past, or those longing to grow their families through adoption, God has intervened, using the ministry of New Life to bring hope.

We thank God every day that we have been able to serve families for 50 years with generational change and trust that he will continue to sustain us as we seek to do His work for the next 50 years and beyond.

Story of Hope: A 1980s New Life Story

Nearly 40 years ago, Cathy found hope when she thought she had lost her chance to be a mother. Cathy had three abortions before age twenty-five, believing the lie that her pregnancies were simply formless tissue. After getting married a few years later, Cathy learned that she was unable to have more children due to the impact her abortions had on her body.

As Cathy and her husband began studying the Bible together, she started to feel convicted about her abortions. Through studying God's word, she repented and came to understand and receive the incredible grace and forgiveness of God. She finally understood that her infertility was not a punishment—it was God's way of leading them to their daughter!

In the 1980s, Cathy and her husband discovered New Life Homes (now called New Life Family Services) and began the adoption process. Cathy described adopting their baby girl as finally experiencing God's redemption over her past abortions. He made her a mother when it seemed impossible.

WHY WE DO WHAT WE DO

Without [the] parenting program, I don't know how I would've been able to provide anything for my child. I just want to say thank you, New Life, for letting me be so open, no matter our background or language barriers.

We chose New Life Adoptions because we wanted to give our child the best possible chance of life.

When you're pregnant and young and single, it feels hopeless. To go into New Life and not be judged, and to be offered support and counsel and compassion, is a life-changer.

Because of Conquerors, I finally know the depth of God's love and mercy for me.

Conquerors gave me a renewed sense of wanting to live again. It gave me hope.
