ROOTED IN HOPE, MOVING IN FAITH

As New Life Family Services reflects on another year of ministry, I am grateful for God's steady faithfulness guiding us forward. What began in 1973 as an effort to meet the basic needs of women facing unplanned pregnancies has grown into a strong network of life-affirming services that continues to expand in meaningful ways.

This year brought several exciting milestones. The opening of our new St. Paul clinic has allowed us to extend compassionate medical care and practical support to even more individuals in the heart of the city. We also launched two new Fatherhood Programs, equipping dads with the tools and encouragement they need to engage confidently and lead their families well. In addition, God has opened new doors to reach more clients overall by providing the resources to add bilingual staff, a new text platform, and additional nurses.

Every day, we see lives and families being transformed, fueled by the generosity of supporters who believe in this mission. Stories once shaped by fear or uncertainty are being rewritten as clients encounter support, truth, and grace.

We thank God for the privilege of serving our community even as we look ahead with confidence, trusting Him to continue leading and sustaining our work in the year to come.

MY FIRST CARE STORY

—written by Ahou

“I first connected with First Care in 2019 when I was pregnant with my first child. As a new immigrant with no family nearby and very limited resources, I was overwhelmed. My husband and I were both unemployed, and everything felt uncertain.

The first person I met at First Care was Melanie, and from that moment, I felt seen, respected, and truly cared for.

She welcomed me with warmth and compassion that I will never forget. I learned how to care for my baby and how to become a confident parent.

In 2024, I became pregnant again, and it was very difficult. The first four months were filled with severe sickness, isolation, and emotional struggle. I felt hopeless and *even considered abortion*.

The first person I reached out to was Melanie.

She listened without judgment and gave me the space to express my fears while also offering support and resources. Her encouragement helped me reflect and make the decision to parent.

Today, I'm beyond grateful to share that in January, I gave birth to my beautiful baby girl. We named her Princess Melanie, in honor of the incredible woman at First Care who supported me through one of the hardest seasons of my life.”
